

The Weather
Cloudy and colder tonight with snow flurries diminishing except continuing occasionally heavy near Lake Erie. Wednesday, partly cloudy and cold, occasional snow flurries near Lake Erie. Low tonight 5-15.

Two Members Of Sabina's Council Quit

Dual Police Chief Issue Not Even Broached at Session

By JACK AYER
Record-Herald Staff Writer
SABINA — Perhaps a change of heart, perhaps a political maneuver, or perhaps merest accident prevented the Village Council and the mayor here Monday night from getting into the wrangle nearly everyone expected.

Nevertheless, for whatever reason, Sabina today still has two "chiefs of police"; mayor-recognized E. T. Haines and Robert Morris, recognized by most of Council. Calm has been restored, but it's uneasy and tenuous.

Some 60 people, principals and spectators, trooped into the town's modern, brightly-lit village council room, tense over prospects of the expected battle.

They heard two councilmen submit their resignations. They heard Council run the gamut of routine business.

BUT THEY DIDN'T get what they came for: during the 12-minute meeting, the matter of the police force, put off from last Wednesday's "informal session," never was mentioned.

THE TWO resignations — those of Councilman Howard Thompson and Councilman W. E. Briggs — came as no particular surprise to anyone. As many as four possible resignations have been mentioned lately, and Thompson announced his Saturday.

And, even though the resignations were linked to the police battle, the police matter still never came to the fore.

The mayor himself, Harold W. Hill, who precipitated the ruckus last Wednesday (the day he took office), said after the meeting that he is planning to do "some revising" in his own thinking. It appeared that that was why he hadn't mentioned the matter at the meeting.

He made it clear he still thinks "Tiff" Haines is the chief, but he said he is "willing to talk with Morris about going back to work." Morris went on "vacation," starting immediately, after a run-in with the new mayor last Wednesday.

COUNCILMEN, most of whom admitted they expected a hassle when they came to the Monday meeting, generally greeted that information with an air of relief. Councilman Charles Moore, second

3 GIs Accused In Ohio Robbery

RICHMOND, Va. — Three servicemen accused of stealing \$25,000 from Carmen De Paulo of Sagamore Hills, Ohio, during their Christmas leave, were arrested Monday, the FBI reported.

Special FBI Agent John A. Roeh said charges of interstate transportation of stolen property have been lodged against Pfc. Salvatore R. Carcione, 22, based at the Quantico, Va., Marine base, and Army Pvt. Robert L. Kwasi, stationed at Ft. Meade, Md. Pfc. Ernest Rocco Bellardine, 23, also stationed at Quantico, was charged with being an accessory after the fact. The charge contends that Carcione stole \$25,000 from De Paulo, Carcione's stepfather, about Dec. 25.

Helicopter Saves Snowbound Pair

EL PASO, Tex. — A helicopter rescued two electronics technicians from nearby Mt. Franklin Monday after they had been snowbound there for two days.

"I feel fine," said Reuben Baker, 56, Cresson, Tex. "Just a little hungry, tired and sleepy." "We suffered no ill effects," said Curtis Freeman, 26, El Paso. "We had an electric heater in the building and could keep warm." They work for the Civil Aeronautics Administration and went up the mountain early Saturday to service radio equipment atop the 6,700-foot peak.

'Bath' in Toilet Fatal To New Jersey Baby

KEARNY, N. J. — A 6-week-old baby boy died Monday shortly after his mother pulled him from a toilet where his 4-year-old sister had placed him for a "bath."

Mrs. Marlene Case managed to revive her son Gerald with artificial respiration and had him rushed to West Hudson Hospital where the infant died.

Mrs. Case told police she awoke from an afternoon nap to find the children in the bathroom.

Ike's Budget Set At \$74 Billion

WASHINGTON — President Eisenhower told Republican legislative leaders today he will send Congress a balanced budget calling for spending about \$74 billion to help meet the threat of Communist imperialism.

Senate GOP Leader Knowland of California reported after a conference with the President that he got the impression Eisenhower is convinced the current year will be better from the standpoint of business than last year.

Knowland made his report on

the President's thinking at the close of a White House briefing for GOP leaders from the Capitol on the State of the Union message Eisenhower will deliver to Congress personally Thursday.

The conference came just in advance of the opening of the second session of the 85th Congress in which the nation's defenses are marked for top priority.

Many Democrats and Republicans in Congress feel the United States is lagging in the military race and that something drastic must be done about it.

Congress seems likely to get its first crack at this problem when Secretary of Defense McElroy asks for immediate appropriation of more than \$1 billion in new money to finance speed-up in the missile program and other defense measures.

Sen. Knowland of California, Senate Republican leader, said he has no doubt defense matters will get top priority, but added:

"WE WILL HAVE to see the budget figures showing where the administration is proposing to allocate funds before we can make any intelligent decisions on where we are going."

Congress will buckle down to what looks like a lengthy and controversial election-year meeting.

Here is the way some of the major issues shape up now:

Foreign Aid—Eisenhower is expected to ask about \$4 billion to continue this program, with emphasis on a development loan fund for Asian and African nations. Congress probably will cut the amount, but perhaps not as sharply as in some previous years.

Reciprocal Trade — A request for a five-year extension of this program is not likely to be granted. The administration will be lucky to get a two-year extension.

Labor — Administration proposals for public disclosure of welfare fund operations, filing of union financial reports, and enactment of new anti-ribery laws may get a warmer reception because of Senate Rackets Committee disclosures. Proposed changes in the Taft-Hartley Act are unlikely in an election year.

Atomic — Some relaxation may be voted on the amount of weapons manufacture and scientific information that may be exchanged with U. S. allies.

Scientific Education — Congress may enlarge Eisenhower's \$1 billion four-year scholarship program.

FARM—Many senators predict a hot reception for Secretary of Agriculture Benson when he goes before the Senate Agriculture Committee sometime next week for questioning about his farm aid programs.

Unemployment—With the number of jobless rising, Democrats expect to make strenuous efforts in this field.

Postal Rates—The Senate may revise a House-approved bill and increase postage to 4 cents a letter after a long wrangle. The House bill would add \$521 million to over-all postal rates.

Debt Ceiling—The administration is trying to avoid asking for a temporary increase in the \$275 billion debt ceiling. Because of the surge for more defense spending, however, Congress will vote an increase if the need for it is demonstrated.

Lost Causes — Any final action now appears unlikely on civil rights, election law reforms, expansion of minimum wage coverage, presidential disability, flood insurance and other perennials.

No Major Changes Expected In '58 Agriculture Program

WASHINGTON — The returning Congress may give some attention to farm problems, but it is unlikely to do anything that would affect 1958 crop programs.

Many proposals will be offered to change current programs affecting corn, wheat and some other crops as well as dairy products. Some doubtless would make changes this year.

But because of the sharp differences in views over farm policies between the Eisenhower administration and many farm state congressmen, and also among the major farm organizations, few leaders expect enactment of legislation that would change this year's operations.

The administration would like to throw off planting allotments on corn, but time is the limiting factor. Congressional action would have to be completed by late March or early April.

SOME DAIRY leaders will press for legislation to restore a recently announced reduction in dairy

News in Brief

Atom-Driven Plane Plans Being Pushed

WASHINGTON — Both the Air Force and the Navy were reported today to have decided on basic designs for atom-driven planes to be produced within about two years.

The services were under stepped up pressure from Congress to get a nuclear plane into the air ahead of any rival country.

Chairman Durham (D-NC) of the Senate House Atomic Energy Committee said he is arranging immediate conferences with top defense officials on the project.

Chairman Price (D-ILL) of the Research and Development subcommittee said he is "encouraged, up to a point" by evidence of renewed enthusiasm at the Pentagon, but that there is "a threat to the project," on which he will elaborate later.

Reports that the Navy has been moving more quickly on its relatively unpublicized plans for a nuclear seaplane were in effect confirmed by Adm. Arleigh Burke, chief of naval operations, who said that "we are going ahead" with the project and a plane should be ready for testing "in a couple of years."

NEW DELHI — President Sukarno of Indonesia arrived in New Delhi today on the first major stop of a tour from Cairo to Tokyo.

Sukarno's six-week tour is officially described as a rest and health trip. But he is also seeking to intensify African-Asian support for his drive to wrest West New Guinea from the Dutch.

LONDON — Moscow radio reported the death today of President Petru Groza of Communist Romania. He was 75.

Groza had been failing steadily since an abdominal operation last November.

So far as the Communists were concerned, Groza was always a meaningless figurehead who served as one of their tools in eliminating effective political opposition in Romania.

MOSCOW — The publication Soviet Fleet said today U. S. naval experts still are seeking vainly to solve the problem of protecting America's "aggressive carrier fleets" from plane and rocket counterattacks.

In an article on antimissile and anti-air defense experiments, the Soviet navy organ said Washington navy technicians were "forced to admit the bitter truth that no such defense exists."

PARIS — The United States has contributed seven million dollars to the World Health Organization for antimalaria work. The fund is made up of voluntary contributions from governments and private donors.

KATMANDU, Nepal — The Nepalese government is giving President Eisenhower two Tibetan mastiffs that each eat four pounds of fresh meat at each meal.

The dogs, to be shipped in a few days, are believed the first of their breed to go to America. Eisenhower is getting a male 10 months old and a female 8 months old. Already they are 3½ feet tall.

ANGERS, France — Sixteen-year-old Monique Neveux was a bride and a widow within an hour Monday.

Monique and Alain Richard, 19, were driving from the church to a photographer for their wedding picture when the car collided with a heavy truck. Alain was killed. Monique is in a hospital with both legs badly crushed.

HAVANA — The Cuban army announced that its garrison at Pos Palmas Monday repulsed an attack by about 40 rebels, killing two of the attackers. Dos Palmas is in Oriente Province, near the Sierra Maestra hideout of rebel leader Fidel Castro.

VIENNA — The Vienna anti-Communist newspaper Die Presse claimed today the Hungarian Communist regime is afraid to put former Premier Imre Nagy on trial because of an incriminating tape recording that is in Western hands, presumably American.

Die Presse's unconfirmed report said the recording proved the Russians had officially agreed to Hungarian neutrality and the withdrawal of their troops from Hungary after the Budapest revolt in October 1956.

Later the Russians reneged and smashed the revolution.

Nagy is believed to be a Soviet prisoner in Romania.

Johnson Says U.S. Goal Must Be 'Space Control'

U. S. Women Shop in China

3 Mothers Await Visit with Sons

HONG KONG — Three American mothers spent today in Canton shopping and sightseeing while waiting for plane passage to visit their sons in Chinese Communist prisons.

The women—Mrs. Mary Downey, New Britain, Conn.; Mrs. Jessie Fecteau, Lynn, Mass.; and Mrs. Ruth Redmond, Yonkers, N. Y.—and Mrs. Downey's son William, 25, arrived in Canton Monday from the United States via Hong Kong.

They came in response to a Communist invitation to visit their sons, imprisoned on espionage charges. The State Department suddenly relaxed its ban on American travel in Communist China for them.

This morning the four visited department stores and a few small shops where "we bought some writing paper and earrings." They also visited a park and a gymnasium near it.

Mrs. Redmond is going to Shanghai to visit her son Hugh, serving a life sentence. The other three are going to Peiping to visit Richard Fecteau serving 20 years, and John Downey, who was sentenced to a life term. Redmond has been in jail since 1951, the other two since 1952.

2 Stark County Fatalities Counted

MASSILLON, Ohio — Stark County has recorded its first and second traffic fatalities of 1958 as a result of the same New Year's Day accident.

Ronald Bruner, 16, of North Lawrence, died Monday at Massillon City Hospital.

He was a passenger in a car which went out of control and struck a culvert on the Massillon-Orrville road. The driver, William Edwards, 19, was killed.

Russians Mum On 'Man' Rocket

MOSCOW — The Kremlin kept silent today on unofficial reports that Russia has fired a man-carrying rocket about 186 miles high and got the passenger back to earth by parachute.

The official blackout aroused speculation that the rocket experiment took place about Jan. 1.

A human making the rocket trip attributed to the Soviet pioneer would hurtle through the 70-below zero chill of the stratosphere into the withering heat of the ionosphere, there to be bombarded by cosmic rays and burning X-rays and ultraviolet rays from the sun.

The Moscow sources said the Russian rocket man parachuted successfully to earth. They did not specify whether he was alive when he landed, but newsmen inferred that he was safe.

OBSERVERS believed the traveler was released from the rocket in a pressurized container, then broke clear to jump when the container dropped far enough.

The Russians have been sending dogs in rockets to lesser heights for months. The animals were released and parachuted safely to the ground.

There were no hints as to the mystery traveler's identity. Many Russians have volunteered for pioneering flights into space.

If verified, the experiment could have as much or more scientific import than the launching of the dog-carrying Soviet satellite last fall. It would mark another Soviet triumph in space science.

THE REPORTED altitude of 186 miles, while not high enough to escape gravity pull and put a rocket into orbit about the earth, is nearly eight times higher than any human has ever gone. The world altitude record of 126,000 feet, less than 24 miles, was set in September 1956 by U. S. Air Force Maj. Iven Kincheloe in the X2 experimental plane.

The U. S. Air Force said recently it plans to send a man above 100 miles in a new rocket plane now being built, the X15. Kincheloe

Grand Jury Indicts 15; Hearings Friday

The indictment of one man for the possession of narcotics and of five others for breaking and entering were among the 15 true bills returned by the Fayette County grand jury Monday afternoon after an all-day session. Six cases were ignored and the charges dismissed.

The report was finally made to Judge John P. Case of the Common Pleas Court at 3:30 p. m., following a half-hour delay for Sheriff Orland Hays to find a "lost" juror.

Judge Case immediately set 9:30 a. m. Friday for the arraignment of those indicted.

The jury considered 21 cases and heard nine witnesses during the day. Two indictments for breaking and entering were not made public, because the defendants are still at large.

INDICTED for the possession of marijuana was Everett Eugene Bennett, 29, of 221½ East St. He was arrested at his home Dec. 27 and held to the grand jury after he pleaded not guilty in Municipal Court.

One man, Richard Downard, 18, of 647 Harrison St., was indicted on three counts—for the theft of a Jeep station wagon owned by Loren Coil Oct. 11; for breaking and entering the Rogers Trucking Co. office on Route 22 east last Oct. 11 and for breaking and entering the Henry Link Gas Service office on Route 22 Oct. 10. He pleaded guilty at his hearing in Municipal Court.

Three men, George Mootispaw, 22, Manford Eugene Mootispaw, 20, and Raymond E. Hurler, 19, all of Greenfield, were indicted for breaking and entering the Lucas and Son Market on the Circleville Pike the night of Dec. 28. All pleaded guilty in Municipal Court and were held to the grand jury.

(The Ross County grand jury is investigating rape charges against Hurler and Eugene Mootispaw as well as a charge of having carnal

Macmillan Resolves Crisis At Home, Starts Long Tour

LONDON — Prime Minister Macmillan left London today on a five-week tour to unify commonwealth thinking on international problems.

Macmillan's visit to India, Pakistan, Ceylon, New Zealand and Australia dramatized the fact that Britain's relationship to the commonwealth countries now is one of equal partnership rather than of parent to child.

Macmillan left behind a hastily resolved Cabinet crisis and the diplomatic loose ends of his proposal for a nonaggression pact with the Soviet Union.

Minutes before he stepped on his plane the Prime Minister, smiling and jaunty, said he had resolved the differences in his cabinet revealed by the bombshell resignation Monday night of Chancellor of the Exchequer Peter Thorneycroft.

Thorneycroft, who objected to the Cabinet's decision to increase government spending by 50 mil-

lion pounds (140 million dollars) next year, was succeeded by Agriculture Minister Derick Heathcoat-Amory. Several other Cabinet shifts resulted, but the shakeup did not delay Macmillan's trip.

Macmillan left his government in the charge of Home Secretary Richard A. Butler.

During his year at the treasury, Thorneycroft's main objective was keeping inflation down and the value of the pound up. In his letter of resignation he told Macmillan he regarded "the limitation of government expenditure as a prerequisite to the stability of the pound."

Heathcoat-Amory, 58, was brought up from the low-ranking Cabinet post of minister of agriculture to the exchequer's post, third behind the Prime Minister and the foreign minister in Cabinet importance. At 48 Thorneycroft had been one of the youngest men in the top command and his prestige had appeared to be on the rise.

'Peril of Hour' Is Obvious, Leader Stresses

WASHINGTON — Sen. Lyndon B. Johnson (D - Tex.) said today the returning Congress faces decisions that may determine who gain: "total control over the earth for tyranny or the service of freedom. The peril of the hour is obvious."

Johnson, Senate Democratic leader and chairman of the preparedness subcommittee which has been probing into the status of the nation's missile and rocket programs, said Russia's leaders have made space control "a first aim of national policy."

In remarks prepared for a caucus of Democratic senators meeting just ahead of the formal opening of the new congressional session, Johnson said U. S. leaders have followed a different course.

"Some dismiss the Sputniks as playthings," he continued, adding that Congress must decide "which nation is correct."

The urgent race we are now in—or which we must enter—is not to perfect "long range ballistic missiles," Johnson said.

"THERE IS something more important than any ultimate weapon. That is the ultimate position, the position of total control over earth that lies somewhere out in space."

In advance of the caucus, Johnson demanded that the Army answer testimony from Lt. Gen. James M. Gavin chief of Army research and development, that his expected promotion was sidetracked after he spoke out against Pentagon missile policy.

Gavin disclosed over the weekend he had asked to be retired from the Army effective March 31 so as to be freer to "recommit, to apply creative thinking to national defense."

Johnson said the Senate Preparedness subcommittee, of which he is chairman, will question Secretary of the Army Brucker to "establish the facts."

"It is a matter of serious concern to us that there be even a hint of reprisal against any witness that appears before us," Johnson, the Senate majority leader, reported.

Gavin informed a closed session of the subcommittee that he announced his retirement after Gen. Maxwell D. Taylor, Army chief of staff, told him he was "no longer being considered" for promotion to four-star rank and assignment to the Continental Army Command.

JOHNSON quoted Gavin as saying he could not "document" a statement that this post was refused him because of testimony he gave the committee Dec. 13.

He said he had been told a year earlier that he was being favorably considered for the post, and added: "I feel intuitively that the decision to change that plan may have been clouded by my testimony."

Appearing before the subcommittee Dec. 13, Gavin testified that he had been turned down repeatedly on requests for authority to send a satellite aloft with the Army's Jupiter-C experimental missile. And he urged that the Joint Chiefs of Staff be abolished in order to increase Pentagon efficiency.

Ten days later, Johnson said Gavin told the subcommittee, Taylor informed him of what Gavin called the "change in plans."

Instead of the promised promotion, Gavin said, Taylor told him "I would stay on in Washington through this congressional year into the summer."

"Then," he said Taylor told him, "I would be sent to Europe and given command of the 7th Army. I was told that it appeared likely I would be promoted one year after arriving in Europe."

Warning to Children Comes in Nick of Time

GLASTONBURY, Conn. — A motorist spotted a group of children beside a roaring brook and stopped his car to warn them. Vincent Dondi, 29, found they were staring at a playmate, Jane Ann Ordway, 2, who had just fallen into the icy water. He pulled out the girl, still conscious, and took her home.

Camp Run Ditch Assessments Are Approved

Improvement Will Affect 30 Farmers; First Under New Law

Assessments against 30 landowners in Jasper Township on the Camp Run Ditch were approved Monday afternoon at a final hearing held before the Fayette County Board of Commissioners in the Courthouse.

This ditch improvement, petitioned for by E. L. Fichtelhorn and others, will cost an estimated total of \$19,800, of which \$15,500 is for excavation and \$4,300 for grubbing out underbrush and trees along its sides.

COUNTY ENGINEER Charles P. Wagner, says the ditch improvement will require approximately 31,000 cubic yards of excavation and is one of the largest ditch improvements of its kind sought in this county in the past several years. The work of widening and deepening the channel of this open ditch will extend for a distance of between five and six miles between Jasper Mills and the Ford Road. Assessments are made against 2,350 acres of 30 owners.

Wagner states that the assessment will run between \$2 and \$12 per acre, depending upon the amount of benefit to each landowner.

THE ENGINEER also says this will be the first ditch improvement to be granted in Fayette County under the newly amended ditch law, enacted by the last Ohio Legislature. Changes provided in the new law provide that the ditch will be maintained by the county commissioners and the county engineer with full control of all maintenance under the commissioners.

The hearing on assessments Monday was reported by Wagner to be unusually free of controversy.

Bids for work on the improvement probably will be received by the county commissioners on or about Feb. 10. The date to be set for completion of the work is expected to be sometime during the coming September.

Jury Indicts 15

(Continued from Page One)

rage building owned by Neile Crone at the rear of 219 Sycamore St. on Oct. 10 and Harley E. Haines 71, of 713 Sycamore St. for setting fire to a barn at the same address owned by Senath Thompson on Nov. 6. Haines was committed to the state hospital in Columbus, Nov. 8 and Prosecutor Rollo M. Marchant indicated he will ask that his arraignment be continued as long as he is in the institution. Charges against both were filed by Fire Chief George Hall.

Two men, Dallas Beach, 53 of near Mt. Sterling and Edward Woolever Jr., 33, also of near Mt. Sterling, were indicted for the theft of a washing machine valued at \$12.50, a cot valued at \$7.50 and a kitchen cabinet valued at \$3 from Charles Duff of the Old Springfield Rd. on Nov. 11. They were bound over to the grand jury after they had pleaded not guilty in Municipal Court to charges of breaking in and entering. The charges of breaking and entering were dismissed by the grand jury, which then indicted them for larceny.

Howard Austin, 43, who gave several central Ohio addresses, was indicted for giving a check for \$46.35 on the First Central National Bank of St. Paris, Ohio, to Ronald Cornwell on Jan. 21 with insufficient funds. He pleaded guilty in Municipal Court.

WILLIAM ROBINSON, 47, Dayton, was indicted for driving a 1950 Buick from the Brandenburg Motor Sales on Oct. 14. He was arrested before he got to the Clinton County line on a tip received by Sheriff Hays. He pleaded guilty in Municipal Court.

The grand jury ignored six cases dismissing charges against the following: Gene Bomer, Earl Curtis Muse, and Marvin V. Herzog, charged with operating motor vehicles without the owners' consent; Dallas Beach and Edward Woolever Jr., (indicted for larceny), charged with breaking and entering, and Leroy Yates, charged with assault with attempt to rape.

Howard D. Fogle was foreman of the jury. Other members were Edna C. Woodmansee, Doris Klevor, John Sheeley, Horace Jacobs, Martha E. Braun, Elmo Purdom, Dixie Lou Rea, Robert Fount a i n, Robert Dunn, Lillian Ervin, Ralph Penn, Mrs. C. F. Lucas, Frank Thompson and Mrs. W. P. Noble.

Walking Hobby Perpetuates Itself

MONCURE, N. C. — On a lofty hill one mile from here stands a large mock-orange tree that was once a walking cane.

The cane belonged to Waverly Lassiter, whose hobby was walking. One day Lassiter returned to his home with the green stick in his hand. Before entering the house, he casually stuck the stick in the soft dirt and left it there.

The stick sprouted and began to grow, day by day, year by year. Today it is more than 50 years old.

Deaths, Funerals

Mrs. Hazel Shoemaker

SABINA — Mrs. Hazel Shoemaker, 19, died suddenly at 3:30 p. m. Monday at the home of her sister Mrs. Anna Jones, CCC Highway south of Wilmington.

Mrs. Shoemaker, who lives at the Roberts Trailer Camp on Route 68 south of Wilmington, was visiting her sister for the day when she was fatally stricken.

She is survived by her husband, Marion Arthur Shoemaker; a son, Brian Keith, 11 months and her parents, Mr. and Mrs. Corwin Jordan of near Wilmington.

She also leaves four brothers, Robert and Charles D. Jordan of Wilmington; Paul L. Jordan of Warren and Earl E. Jordan of Durate, Calif., and two sisters, Mrs. Jones and Mrs. Ada Peters on of Niles.

Services will be held at 2 p. m. Thursday in the Littleton Funeral Home and burial will be in Sugar Grove Cemetery in Wilmington.

Friends may call at the funeral home after noon Wednesday.

Clifford Wilson

Clifford Wilson, 64, of New Martinsburg, died unexpectedly about 11:30 a. m. Tuesday in a doctor's office in Greenfield, where he was rushed after he sustained a heart attack.

He had been in ill health several weeks, but his condition was not previously considered serious.

A New Martinsburg resident all his life, he was the village blacksmith for many years.

Survivors include his wife, a son, Clifford Jr. of New Martinsburg; a daughter, Mrs. Juanita Jean Smith of Greenfield; two brothers, Griffin and Thurl of New Martinsburg; and two sisters, Miss Leilah Wilson of Columbus and Mrs. Pauline Steward of Greenfield.

Funeral arrangements will be announced later by the Murray Funeral Home, Greenfield.

Mrs. Anna Michael

SABINA — Mrs. Anna Michael, 77, died unexpectedly at 10:30 p. m. Monday at her home in Sabina.

She was born near here and spent her entire life in and near Sabina.

Her husband, C. L. Michael preceded her in death. Her closest surviving relative is her brother, Lester Barlow of Sabina.

Services will be at 10 a. m. Thursday in the Littleton Funeral Home. Burial will be in Sabina Cemetery.

Friends may call at the funeral home after noon Wednesday.

ROY HYER — Services for Roy Hyer, who died Friday in his home here, were held at 2 p. m. Monday at the Kirkpatrick Funeral Home. The Rev. Perry E. Grimm, retired, officiated.

Palbearers were Paul Ware, Keith Garinger, Eugene Heath, Tom Mark, Max Whitfield and Noah Parrett. Burial was in Washington Cemetery.

Sabina's Hassle

(Continued from Page One)

from the bottom on the Council seniority ladder and out of the village's storm center, said he "hoped very much" that Council and the mayor could straighten things out "in an honorable way."

Most of those close to village affairs were, upon being informed of the mayor's statement, glad to accept it at face value.

Political wrangling has been standard equipment here since a squabble over public utilities started several years ago, and nearly everyone involved appeared tired of such action.

A special council meeting was scheduled by the mayor for next Monday, at which time replacements for councilmen are to be named. The battle could come up all over again then, but that's also the time at which an amicable solution could be reached.

Straub Given Boost For Judge's Position

TOLEDO — Lucas County Republican Chairman Herman R. Miller has recommended to Gov. O'Neill that Harvey G. Straub be appointed to the common pleas bench here to replace Judge John Q. Carey, who died Monday.

Miller said the results of an informal canvass of the Lucas County Executive Committee was unanimous for Straub, now in Washington on the Federal Pardons and Parole Commission.

'Good Music' Claimed Outselling Baseball

DALLAS — "Good music grosses \$45 million annually to baseball's \$40 million," the executive board of the American Symphony Orchestra League was told by Mrs. Helen M. Thompson of Charleston, W. Va., executive secretary.

"Americans have spent \$200 million on recorded music alone," Mrs. Thompson said.

SADDLES CUSHIONED — KANSAS CITY — At the Western Retail Implement and Hardware Assn. show a manufacturer from Yaokum, Tex., is displaying colorful Western saddles — with built-in foam rubber seats.

Alfred Nobel, inventor of nitroglycerine and donor of the prizes that bear his name, died in 1896 on the Italian Riviera.

Gravel Truckers Cited by Police

To Curb Overflows, Chief Notes Law

Police Chief D. Vaiden Long said Tuesday he was "laying down the law" against gravel-truck drivers operating improperly loaded vehicles.

The statement came on the heels of two citations, handed out to truck drivers Monday for violation of a city ordinance which stipulates that gravel truck loads must be secured in such a way that they will not overflow into the streets.

Cited into Municipal Court were Thomas Eugene Allison, 34, of Bloomingburg, who forfeited \$15 bond at Tuesday's session, and Everett Marchington, 48, of Greenfield, who was fined \$5 and costs after he pleaded guilty to the charge.

At the same session, Larry Davis, 18, of 1028 N. North St., pleaded guilty to failure to yield the right of way and was fined \$10 and costs.

Forfeiting bond for non-appearance on traffic charges were Joe Tillery, 25, of Dallas, Texas, \$20, charged with making excessive noise with a motor vehicle; and Wendell Gene Elliott, 22, of Bloomingburg, \$20, charged with reckless driving.

Tax-Cutting Legislation Put On Shelf

WASHINGTON — Tax cutting legislation was pushed into the background today as Congress returned to grapple with pressing new economic problems.

Prospects of tax relief, brightening when Congress quit last August, now have waned before the rising urgency of Sputnik-inspired defense needs and the necessity of maintaining government tax revenues at a time of business slackening.

But even as Congress convened, the tax-writing House Ways and Means Committee got off to a fast start on a review of the federal tax laws.

The five weeks of hearings were scheduled early last fall as a tax revision study with rate-cutting overtones. Committee action now seems likely, however, to be limited to questions of broad tax policy and ambiguities in the 1954 revenue code.

In a statement prepared for opening of the hearings, Chairman Mills (D-Ark.) said the tax revision studies were for the purpose of "re-examining the basic policies underlying our tax laws."

He said the hearing results will be used to work out proposals for tax law revision that will develop a "fair and equitable" revenue system.

Most committee members agreed that chances of a major tax cut are dim.

NLRB Aide Slated For Trial Testimony

CLEVELAND — John A. Hull, regional director of the National Labor Relations Board was to be the first witness today in the trial of seven persons charged with conspiracy in the filing of non-communist affidavits under the Taft-Hartley Law.

Hull, bringing the affidavits that are alleged to be false, was scheduled to take the stand after opening statements by U. S. Atty. Sumner Canary and defense attorneys.

On trial are Marie Reed Haug, her husband Fred, and Hyman Lumer, all of Cleveland; Eric Reinthaler, Willowick; James West and Samuel Reed, both of Chicago, and Andrew Remes of Brooklyn, N. Y.

3 Ward Stores Hit by Strike

CHICAGO — Employees walked out at three of Montgomery Ward's 563 retail stores Monday and set up pickets at various other company stores to support demands for a wage boost.

The strike was called by the Retail Clerks International Assn. Company and union officials said no new negotiations are planned.

The union said "informational picketing" was carried out Monday at 200 Ward's stores. Such day at 200 Ward's stores. Such day at 200 Ward's stores.

Disabled Navy Plane Plunges, Killing 4

NORFOLK, Va. — A Navy patrol plane, trying to land on one of its two engines dead, crashed into a thickly settled seashore resort area Monday. Four of the 12 crewman were killed.

The Mercator aircraft careened into a group of cottages, demolishing three and damaging three others. The plane and one of the houses burned.

Cmdr. Clyde Curley, 41, pilot of the plane, told Navy officials his aircraft had entered its pattern for a landing at the Norfolk Naval Air Station when its port propeller engine suddenly lost power.

Lady Solons Worry about U.S. Education

WASHINGTON — Concern over the state of U. S. education appeared to be uppermost in the minds of many of the nation's 16 congresswomen today.

The only woman senator, Mrs. Margaret Chase Smith (R-Maine), said she feels strongly that "more people should study science" in view of its importance to this nation's defense.

Mrs. Frances Bolton (R-Ohio), now in her 10th term in the House and a member of the House Foreign Affairs Committee, said she has felt for the past 20 years "our educational methods are weak."

She was dubious that the administration's proposed billion dollar education program would be enough to solve "a complicated, difficult problem."

Mrs. Bolton also is stressing the need "to go most deeply into the foreign aid program."

"My own effort," she explained, "would be to see how duplication could be stopped and how the right people could be put into the right niches."

Mrs. Bolton, who made a study tour of North Africa last fall, said she will stress again to her colleagues the need for a special State Department secretary for African affairs.

"There must be someone to speak for Africa" in the State Department, she contended.

Lower Texas Recovering From Floods

EDINBURG, Tex. — Rough seas battered the lower Texas Gulf Coast today while hundreds of persons displaced by the worst floods in three years started back to sodden homes.

More than 250 persons still were displaced by high water here, although the flood tide from five days of rains is receding.

The Weather Bureau said tides along the lower Gulf Coast would be about three feet above normal but winds that reached 40 m.p.h. Monday night were expected to diminish slightly today. Small craft were warned to stay in port from Texas to Florida.

Dozens of fishermen were marooned at scattered points along the Texas and upper Mexico coasts. Fishing vessels caught in the open seas faced a rugged buffet.

Upstate in northwest Texas, a warm sun broke through leaden skies Monday and began melting heavy snow that drifted as much as three feet deep in places. The snow stranded an estimated 500 travelers for a time before roads were cleared.

In the Corpus Christi area, floods eased after driving hundreds from their homes.

Akron Educator Named

AKRON — Dr. Mabel Riedinger, professor of education at the University of Akron, Monday night was elected president of the Akron Board of Education.

Grand Jury Report Delayed As Sheriff Hunts 'Lost' Juror

The Fayette County grand jury had just completed a full day Monday, considering 21 cases, hearing nine witnesses, returning 15 indictments and ignoring six cases when it was instructed by Judge John P. Case to make its customary investigation of the jail.

With Sheriff Orland Hays and Bailiff David Whiteside, the 15 men and women went to the jail, made the inspection and returned to the Common Pleas Courtroom to make its official report to Judge Case.

The jury and the judge waited and finally the judge and bailiff went out into the corridor, where they were joined by the sheriff in a hurried consultation.

They went back and looked over the jury—one juror was "lost." Frank Thompson was not in the jury box.

The judge, the bailiff and the sheriff finally came to two conclusions, although as Judge Case remarked: "The is the first time I ever heard of a juror getting lost here."

The first conclusion was that

Thompson, somehow, may have been locked in the jail by accident during the inspection; the other was that, thinking the jury had completed its work, he had gone to his home at Manara on the Waterloo Rd.

NEITHER WAS correct. He was not in the jail when Sheriff Hays went back to look for him; neither was he at his home, when he telephoned for him.

But the word spread by Deputy Sheriff Don Thompson as he hunted for him on the streets near the courthouse got results. Two friends told him he was wanted just as he was starting home. Within minutes he was back in the courtroom and the jury made its official report at 3:35 p. m. after half an hour delay while the sheriff and his deputy hunted the "lost" juror.

Incidentally, the jury found the rules prescribed by the judge for condition of the jail, conduct of the prisoners, accommodations and meals "have been faithfully kept and observed."

Newly Formed Church Finds Most Members Live in City

COLUMBUS, Ohio — Although American Protestantism is still strongest in rural areas, the newly formed United Church of Christ will have most of its churches—and more than half its members—in cities.

That was the report today by Dr. Ross Sanderson, director of the first national convocation since the Evangelical and Reformed Church and the General Council

Judge Links Fancy Hairdos With Trouble

LONG BEACH, Calif. — Boys with ducktail haircuts, particularly if the hair is bleached in back, had better steer clear of Municipal Judge Charles T. Smith.

The jurist, who has a crew cut himself, makes no bones about the fact that he does not care for long, fancy hairdos on men.

Monday, Judge Smith granted probation to 21-year-old Gary T. Lindsay, but only after he had taken him into his chambers and measured his hair with a ruler to determine if it had been cut to the proper length, as ordered.

The youth had appeared before Judge Smith last week on a misdemeanor charge of carrying an illegal weapon, a six-inch switchblade knife. At that time the judge said he would let the youth off with a \$25 fine and a year's probation if he would cut his hair short, "no single hair to be more than 1½ inches long."

Lindsay passed the ruler test and was granted leniency.

Judge Smith expounded: "The boys who have long, pleated hair in back invariably seem to be in trouble. It has been my experience that invariably the persons with the long hair are involved in some nefarious activity, and police records have borne that out."

New Excuse Shunned

DETROIT — Police were unsympathetic when James Butler told them his hunger caused his car to zigzag on a busy expressway. He was eating a carton of chop suey at the wheel.

Stock Mart Mixed, Trade Quiet Today

NEW YORK — Aircrafts rallied and other issues erased some early losses but the stock market was mixed in quiet trading early this afternoon.

The improvement from a slightly lower trend which prevailed earlier came on word that President Eisenhower told Republican leaders he was confident the U. S. economy would have a better year in 1958 than in 1957 and that he will send Congress a balanced budget calling for spending of about 74 billion dollars.

The aircrafts recovered immediately and posted gains running from fractions to about a point. Leading steels and motors erased small early losses and several were trading about unchanged.

Bell Aircraft, Douglas, United Aircraft and General Dynamics went ahead about a point each. While U. S. Steel and Bethlehem canceled losses, Youngstown extended its early rise to about a point. Chrysler and General Motors erased small declines. Ford steadied.

Goodrich and U. S. Rubber backed away. New York Central was firm.

U. S. government bonds were firm.

College 106 Years Old

STOCKTON, Calif. — The College of the Pacific, California's first institution of higher learning, is 106 years old today, just about the same age as the state itself.

MAGIC HOUSEHOLD BULLETIN BOARD

Complete With Lifetime Magnets, Memo Pad And Pencil!

Perfect for kitchen, den. Kid's room

CITY SCHOOL BOARD, OFFICIALS--Left to right, seated: Robert Terhune; Elmer N. Reed, president; Charles Pensyl; Stanley Dray. Left to right, standing: Superintendent W. A. Smith; Milbourne L. Flee, vice president; Fred Rost, clerk-treasurer.

Reed Named President Of City School Board

Elmer N. Reed, industrial engineer at the Armco Drainage and Metal Products Inc. plant, was named president of the Washington C. H. Board of Education at an annual reorganization meeting held at the Anderson Restaurant Monday night.

Reed, who lives at 619 Fairway Dr., replaces Robert Terhune as board president. Milbourne L. Flee, 913 Briar Ave., was chosen as vice president.

Stanley Dray, 430 E. Paint St., took his seat as a member of the board for the first time. Dray succeeds William A. Lovell who was not a candidate for re-election.

Both Dray and Terhune, who were elected to four-year terms in November, took the oath of office.

THE BOARD reemployed Fred Rost as clerk-treasurer for one year. Rost also acts as supervisor of buildings and grounds under supervision of City Superintendent W. A. Smith.

At the same time the board renewed the contract of Charles McGriff as instructor of the Veterans Institutional On-Farm Training Program for January, February and March. McGriff's monthly salary of \$427.77 is paid from the tuition received from the trainees. A total of 25 veterans of the Korean Conflict are enrolled in the government-sponsored course, which is designed to produce better farmers. The class meets twice weekly with two on-farm sessions scheduled monthly.

At the suggestion of the superintendent, the board laid the framework for a study committee to review teacher salaries and recommend a new schedule which would place the district in better position to compete for the services of trained instructors.

TERHUNE AND FLEE will represent the board on the panel which also includes two members of the City Teachers Assn. and two laymen. George Inskeep, president of the Washington C. H. Parent-Teacher Council was the board's choice as a third member of the committee, and the Teachers Assn. will be asked to name two of its members and a lay delegate to complete the membership.

The board president will act as an ex-officio member of the panel. It was pointed out that all but one of the school systems in the South Central Athletic League, of which Washington C. H. is a member, pay higher salaries than does Washington C. H. The exception is Hillsboro which is working on a new salary schedule.

President Reed named Terhune and Dray as school board members of the Athletic Board which also includes the superintendent, the clerk-treasurer, the high school principal, the athletic director and head coaches of various sports.

THE CLERK-TREASURER reported a general operating fund balance of \$97.21 at the end of the year and a balance of \$19,499.94 in the reserve for payment of bonds and interest.

Carry-over debt is approximately \$20,000, representing bonds for construction of the high school and Sunnyside School, issued in 1936 and retireable in 1962.

Bonds in the sum of \$645,000 for the construction of new Eastside and Belle-Aire elementary buildings and for additions at Cherry Hill and Rose Avenue elementary schools were sold last week.

When the money is received, the board will first retire an anticipatory note at the First National Bank which was issued in payment for boiler room work at Central School. This was a part of the voted construction project.

Retiring President Terhune expressed his appreciation for cooperation during his term of office, and the board adjourned until 1 p. m. Jan. 15 when bids on the construction projects will be opened.

The meeting had followed a dinner at the restaurant—an annual board custom.

Dairy Industry Said 'Rather Sick'

MADISON, Wis. (AP)—Dairying was termed a "rather sick industry" Monday by Charles B. Shuman of Sullivan, Ill., president of the American Farm Bureau Federation, at the opening session of a dairy conference.

But, he told farm people from nine states including Ohio, dairying is not as bad off as wheat farming because it did not get so far away from the price system.

Shuman said the farmer's only choice lies between a free price system favored by the Federation and government price fixing.

45 Sailors Saved From Sinking Ship

MANILA, Philippines (AP)—Forty-five Chinese crew members of the 6,063-ton freighter Aloha which sank Sunday, were brought to San Fernando in northern Luzon Monday aboard the Japanese rescue ship Banzai Maru. Two crew members were injured.

The Aloha, of Panamanian registry and owned by the Marine Industry, Inc., of Hong Kong, was bound for Japan from Ceylon when it went down in bad weather in waters off the Bataan Islands north of Luzon.

Company M Inspection Set for Feb. 27

The inspector general's office at Fort Meade, Md., has announced that its representative will inspect Company M, Fayette County's National Guard unit, Feb. 27.

This will be the unit's annual general inspection. Inspections will also be conducted during the next six months by battalion and regimental staffs, in addition to its inspections by assigned regular army advisors.

Thirty drills will be held during the first six months of 1958. A schedule of drills will be announced shortly, but it is known that drills will be held every Tuesday night, and several multiple drills will be scheduled for Sundays.

First scheduled drill of the new year will be held at 7:30 p. m. Tuesday. Since all members of Company M have completed their basic phase of training, Tuesday's drill cover advanced training in weapons and tactics.

Pvt. Virgil West, 744 E. 3rd Ave., will leave for six months active duty Jan. 12. West will report to Ft. Knox, Ky., where he will receive training in weapons and tactics after eight weeks of basic training.

Returned to the company after taking their six months active duty are Pvt. Gene M. Gustin, Donald E. Manns, Charles S. McKnight, Robert E. Welch, Norman L. Baughn and Richard E. Carl.

Eleven men from Company M are currently serving active duty tours in six different army camps. They are Jack G. Biddle, Paul L. Cox, James L. Hamilton, Ronny E. Knisley, Garry D. McConaughy, Kenneth P. Mick, Darnel J. Steen, Donald E. Welsh, Donald E. Wolfe, Darrell E. Martindale and Frank E. Sharpe.

Oberlin College To Boost Salaries

OBERLIN, Ohio (AP)—The 190 teachers at Oberlin College will receive a 13 per cent wage increase, but tuition must be raised to cover the added cost.

President William E. Stevenson announced Monday that annual tuition will be raised next fall from \$750 to \$900 in the College of Arts and Sciences, from \$800 to \$950 in the Conservatory of Music, and from \$10 to \$12 an hour in the Graduate School of Theology.

Faculty salaries will climb from the \$4,225-to-\$10,725 range to \$4,700 to \$12,500 annually.

Now Many Wear FALSE TEETH With More Comfort

FASTTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTTEETH at any drug counter.

MIAMI TRACE BOARD, OFFICIALS--Left to right, seated: Mrs. Senath Thompson, clerk; Robert Owens, Richard Snyder. Standing, left to right: Walter Boyer, Miami Trace superintendent; J. Herbert Perrill, vice president; Gordon Cowdery, Taylor Groff, president.

Groff Is Re-Elected Miami Trace President

Taylor Groff, Madison Mills, was re-elected president of the Miami Trace Board of Education at the annual reorganization meeting held in Wilson School Monday night.

J. Herbert Perrill, Harmony Rd., was named vice president of the board, replacing Gordon W. Cowdery, Columbus Rd., in that position.

Both Perrill and Robert Owens, Pleasant View Rd., took the oath of office as they began new four-year terms to which they were elected in November. The fifth member is Richard Snyder, Waterloo Rd.

Stench Bombings Probed in Toledo

TOLEDO (AP)—Police are investigating a series of stench bombings at LaSalle's Department Store, which is being picketed by the Retail Clerks Union.

Four bombs, made from fruit jars filled with a liquid, were broken open in the Toledo store Monday—including one in the basement of the store during an evening shopping period.

Too Many Strikes Can Bring Public Disfavor

If any of us are to judge by the comments we hear from nearly all sides and all classes of people we must begin to feel a firm conviction that too many strikes are being called by some unions for reasons which seemingly appear unjustifiable.

Many people who have openly expressed this view are by no means antagonistic to labor unions. They do indicate a belief however that if the labor unions themselves do not soon take steps to stop such action, there should be government moves of some type to restrict strikes.

When strikes are called covering huge areas of the country because of some simple controversy in one small region, they become definitely unreasonable in our opinion.

Labor unions were born, passed through their early growth and became full grown because public opinion was behind them in their struggle to win for their members fair pay and good working conditions.

That same public opinion can bring about their undoing, if through too frequent, and too often unwarranted strikes cause the public to become so incensed that there comes a general demand for

legislation to put a stop to such acts or perhaps even to make strikes illegal.

The general public usually is patient and sometimes long suffering but sometimes suddenly there arises a limit to its fortitude. Each strike that seriously discommodates all or any large part of the public tends to make people look with disfavor on the too - frequently petty reasons on which some strikes are called. This can bring about an unfavorable attitude toward the entire structure of labor unionism which has many good points.

One prominent eastern newspaper recently commented on this as follows:

"What most people think in the end determines such matters. Each prolonged strike, with its accompanying hardships and bitterness, hastens the day when public opinion will demand that the strike weapon be abolished, or at least that its use be sharply curtailed.

"Public opinion will demand this not because it is against higher wages or shorter hours or unionization; but because it has too often seen, and felt, the destructive consequences of using a sledge hammer to crack a nut."

What if Resolutions Held Up?

NEW YORK (AP)—America today is flooded with angels—new year angels.

After the first fever of seasonal reform abates, they will go back to being normally abnormal. Some of the gill is already wearing off a few halos, and the soon all the gill wears off most of them the better it will be for everybody. Then we will know how to deal with each other again.

The idea of a national do-right-and-live - better club is praiseworthy in principle. It might even make for a better world if it started and grew gradually. But it doesn't happen that way. Everybody signs a membership card the same day. And when 100 million adult Americans try to rise above their human nature and become angels all at once you don't have progress.

You are more likely to have chaos, confusion, revolution, disaster, disappointment and dismay. It's a wonder the country

survives this annual orgy of mass moral reform.

By nightfall of New Year's Day many individuals have abandoned their good resolutions. Every day after that there are more desertions from the banner of the impossibly perfect life. The few who do adhere to their resolutions throughout the year improve their character, and are better for it, but as long as everybody doesn't follow their example the nation is safe.

But what if everybody resolved at the same time to go on the water wagon, save his money, buy nothing except for cash, and then only what he actually needed?

The American economy would crash in three months, and by 1959 we'd all have to take in each other's washing to earn a living.

What if every office milquetoast in the land decided at the same time to be firm and decid-

ive? There'd be so many wrong decisions made no business could endure.

What if every husband pledged himself to bring fresh flowers home to his wife once a week in 1958? In 10 weeks, half the wives from Manhattan to Los Angeles would be bed-ridden with acute cases of suspicion. The other half would be sitting in the anterooms of detective agencies, waiting to hire a private eye to check up on the family breadwinner.

What if every wife should simultaneously—well, never mind that worry. The imagination cannot conceive a situation in which all women behaved the same way at the same time.

The best thing to do if you have a friend in the grip of an impossible self-improvement crusade is to send him a "get well" card, and wait for nature to take its course. When it's all over, everybody will feel better.

By Hal Boyle

Man Against Darkness

In the conflict of ideas in which Father Hugh Halton suffered excommunication from the Princeton campus, one of the principal items at issue is an article by Prof. W. T. Stace, published in "The Atlantic Monthly" in September 1948.

In this article, Stace discussed a statement issued by the Roman Catholic bishops of the United States, attributing the chaos and bewilderment in the modern world to the abandonment of God and religion.

Prof. Stace held that the bishops were correct, although "for my part I believe in no religion at all."

Having no religion of his own, Prof. Stace nevertheless accepts that religion played a part in making life comfortable and livable. However, he was impelled by his atheism to state:

"... Since the world is not ruled by a spiritual being, but rather by blind forces, there cannot be any ideals, moral or otherwise, in the universe outside us. Our ideals, therefore, must proceed only from our own minds; they are our own inventions. Thus the world which surrounds us is nothing but an immense spiritual emptiness."

This concept of life Father Halton, as a priest of God, could not accept. He felt impelled to say so. He regarded it as his priestly duty to warn Catholic students at Princeton that in the eyes of their church such beliefs were heretical and dangerous and represented an immoral approach to life.

This was not a quarrel between men of unequal training and authority. Both hold scholarly degrees. Father Halton is the disciplined votary of the Dominican order; Prof. Stace is free to say what he chooses.

I would say, from reading this article and Prof. Stace's books, that while he has written an obituary for God, he regrets that it should have been necessary. He acknowledges the anti-God revolution and finds that it is, like most revolutions, a calamity. Prof. Stace defines the revolution in this paragraph:

"... There is a popular belief that some particular scientific discoveries or theories, such as the Darwinian theory of evolution, or the views of geologists about the age of the earth, or a series of such discoveries, have

done the damage. It would be foolish to deny that these discoveries have had a great effect in undermining religious dogmas. But this account does not at all go to the root of the matter. Religion can probably outlive any scientific discoveries which could be made. It can accommodate itself to them. The root cause of the decay of faith has not been any particular discovery of science, but upon which modern science, from the seventeenth century onwards, has proceeded."

No matter how sorrowful Prof. Stace gazes upon the corpse of religion, he nevertheless is certain that religion has been killed and that it was killed by science because science has established that we live in "a purposeless and meaningless universe."

And he proceeds from that conclusion to the next one, namely, that the "life of man is purposeless and meaningless." This nihilism is not new in the thought of man. Lao Tze held it, as did Schopenhauer and perhaps the author of Ecclesiastes.

If Prof. Stace is correct, it could be logical for all sensitive men and women to commit suicide. Why continue to struggle if life is purposeless, meaningless and futile? It is not reasonable to expect that any man who

believes that God created the heaven and the earth and all that is contained therein can accept that God did it without purpose and without meaning.

Surely no Christian or Jew or Moslem can accept such a concept of life. And if Father Halton's voice was the only one to be raised in protest against Prof. Stace's nihilism and atheism, he was entitled to be heard no matter how vehement his statement.

Killing God is an old trick and it is always accompanied by a storm, a storm in each individual's personal life. Homes are broken; children are deserted; morals disappear; honor and duty are forgotten.

The winds of hell blow wild. Curiously, Father Halton and Prof. Stace seek the same end; their quarrel is about the road to be followed.

Prof. Stace asks: "Is truth more valuable than goodness and beauty and happiness?"

It is a question. For quarrelling over this, Father Hugh Halton was rejected by Princeton.

The fold-up metal tube, used today by toothpaste and other "squeezeable" products, was invented in 1841 by John Rand, a portrait artist.

Diet and Health Don't Skimp on Time Early in the Morning

By HERMAN N. BUNDESEN, M.D.

THE big secret of planning a healthy, comfortable day at home and at work is to get up early enough to give you plenty of time to do everything that has to be done.

That includes a fresh-up shower, as I have already explained, and a leisurely, adequate breakfast. Gulping a doughnut and a cup of coffee and running off to catch the train or bus for the office is a horrible way to begin a day.

Good Breakfast
Frequently in the past I've told you about the various foods which comprise a good breakfast. But, to refresh your memory, your breakfast should consist of:

Fruit juice or raw fruit; an egg or a bowl of whole-grain cereal, or both, if you have the appetite for them; a slice of toast with butter, and a glass of milk or hot chocolate.

You can have coffee, if you wish, but drink it in addition to a glass of milk.

Increases Efficiency
Believe it or not, a healthy breakfast will increase your efficiency. You won't be so anxious to get away from the office for lunch.

There's one more thing to do before leaving the house—brush your teeth.

Dentists and doctors agree that it is best to brush your teeth after you eat. In fact, it should be done after every meal.

But you probably won't get a chance to perform this task after lunch, so brush them thoroughly following breakfast.

Now, you're ready to catch that train or bus for the office. **Needed Walk**
If the station or bus line is less than a mile away, I strongly urge you to walk there. If you are cooped up in an office like most career girls and men are these days, walking to and from the train or bus probably is the only exercise you will get.

Since you definitely need this exercise, take advantage of the opportunity to walk a little. Besides, after eating a substantial breakfast, you probably will feel more like walking.

That bus or train ride to the office may be a long one or a short one. Either way, you can take advantage of it to help you live a more healthy and comfortable day.

QUESTION AND ANSWER

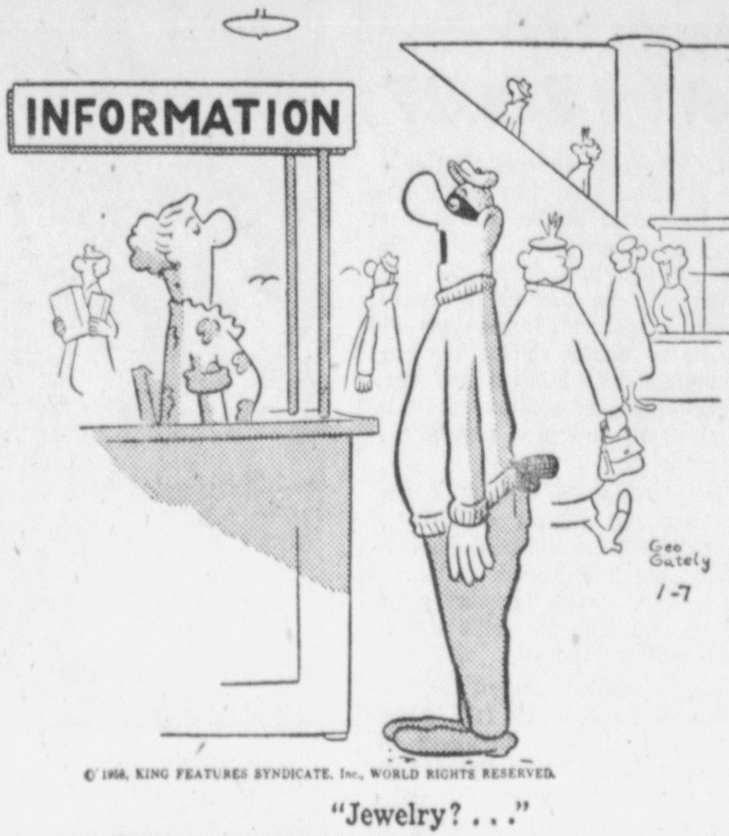

B. E.: How does a child get tuberculous meningitis?

Answer: Usually the child picks up the infection from an adult. It may be the first type of tuberculosis to show itself in the child's body, or be a part of a generalized tuberculosis process.

This disease was considered fatal until recently. Excellent results have been obtained, in some cases, by early treatment with streptomycin.

Hillary Plans Another Trek In Antarctic

MCMURDO SOUND, Antarctica (AP)—Sir Edmund Hillary arrived back at McMurdo Sound from the South Pole by plane today, covering in less than half a day the 1,200 miles it took him 11½ weeks to cross by tractor.

The rangy 38-year-old New Zealander pushed on immediately to his country's nearby Scott base to begin preparations to join Dr. Vivian Fuchs and his British party now edging across Antarctica from the opposite side of the continent.

Fuchs messaged that his 12-man expedition, which has been bucking bad weather and tricky terrain, was within 357 miles of the pole. He was expected to reach the bottom of the world in about a week.

Then the Britons will press on to meet Hillary at a station the New Zealanders established 700 miles inland from Scott base. Hillary will help the Britons compete the first overland crossing of the continent.

Hillary and four other New Zealanders arrived at the U. S. base at the South Pole last weekend, completing the first overland trip to the pole since Capt. Robert Scott's ill-fated expedition in 1911.

The amount of fresh water that the Amazon pours into the Atlantic Ocean equals that of the next three world's largest rivers combined.

The Nation Today

WASHINGTON (AP)—In his State of the Union message to Congress Thursday, President Eisenhower will outline the steps he thinks necessary to stay abreast of the Russians—if it is not already too late—or to get ahead of them.

The very steps he suggests will make his listeners, in and out of Congress, wonder: Why didn't he do this before? Why this late date? For instance, he will ask for a big money increase for defense, particularly for missiles.

This country was working on missiles and knew the Russians were. But the administration didn't develop a sense of urgency until the Russians shocked the nation with the evidence of their

progress in missiles and Sputniks.

But these Russian blows to American complacency—with a new one, added in a report a Russian had been fired 186 miles into space and returned—were not the only warnings to the administration that speed is needed.

In the past two months two reports by distinguished citizens—one still concealed by the administration and the other made public over the weekend—called for great effort to match or surpass Russia.

The still-concealed report was put together by a group—businessmen, scientists and military men—under the chairmanship of H. Rowan Gaither Jr., appointed by Eisenhower to look into our defense needs.

Bits of this one have leaked out, indicating the Gaither group has painted a frightening picture of the future unless this country wakes up and employs greater energy and imagination than it has used so far.

The other report—made by a similar but different group of men working independently of the government under the sponsorship of the Rockefeller Brothers Fund, Inc.—was released to the public Sunday.

It said that unless this country acts fast in a number of ways, at home and abroad, military superiority and the world balance of power will shift to Russia.

It is against this background—and to a nervous Congress and

with a bewildered public listening—that Eisenhower will deliver his State of the Union message.

Any such presidential message—delivered every year by the man in the White House at the opening of Congress—must of necessity be simply an outline of plans stated in fairly general terms.

But if such a message is to have any real meaning a president must follow it up the rest of the year with specific proposals to carry out what he outlined in his general State of the Union message.

So what Eisenhower says Thursday is only part of the story. How he follows it up is what counts.

Wisconsin Slayer Labeled 'Insane'

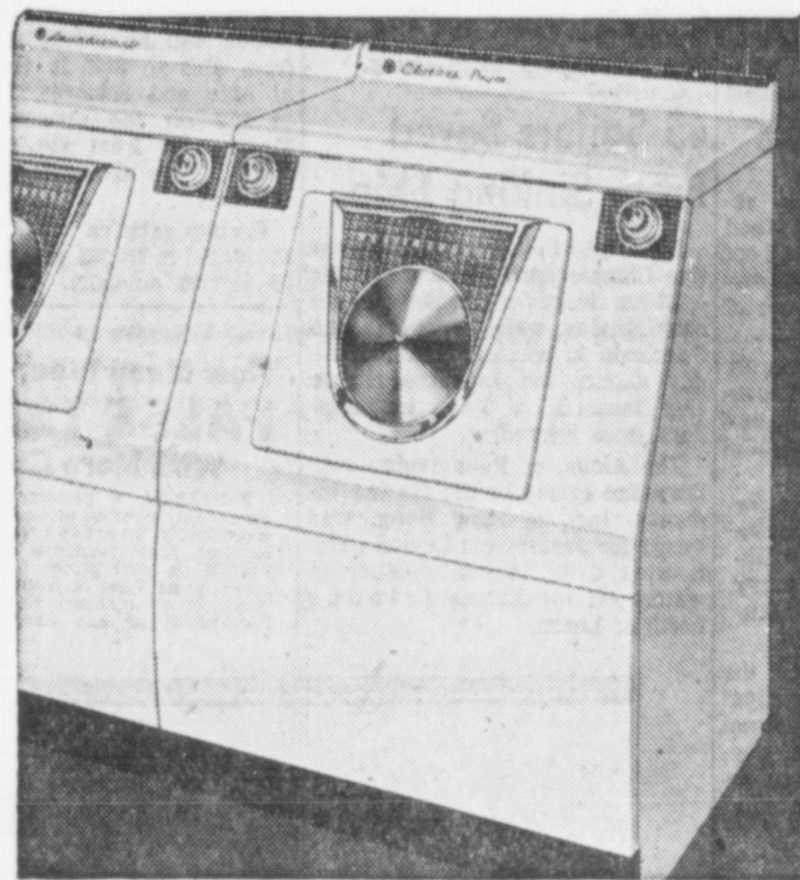

WISCONSIN RAPIDS, Wis. (AP)—

The director of the Wisconsin State Hospital for the Criminal Insane Monday described admitted slayer Edward Gein as legally insane, a schizophrenic living a "rather expansive fantasy life."

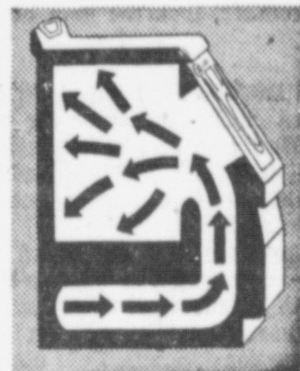

Dr. Edward Schubert testified for the 51-year-old Plainfield bachelor who has admitted killing and butchering two women and robbing a dozen graves.

The director said it was his opinion and that of the hospital staff that the little handyman is legally insane and incompetent to stand trial. He said Gein's condition has been chronic for at least 12 years.

Miss Highfield Honored with Kitchen Shower

Miss Kay Minshall honored Miss Mary Lou Highfield, bride-elect of Mr. Phillip Grover, whose wedding will be an event of Feb. 9, with a kitchen shower Saturday night.

Miss Minshall was assisted throughout the evening by her mother, Mrs. Robert Minshall, and Miss Kristin Himmelspach.

Cards were enjoyed, with prizes being awarded to Mrs. Roger Stockwell and Mrs. Russell Klontz. They in turn presented them to the bride-elect.

Miss Highfield opened her lovely array of gifts and thanked each guest graciously.

Miss Minshall and her assisting hostesses served dainty refreshments, gaily decorated with a wedding motif.

The guest list included Mrs. Norri Highfield, mother of the bride to be; Mrs. Cecil Grover, Hillsboro, mother of the prospective bridegroom; Mrs. Thomas Kelley, Toledo, aunt of the bride-elect; Mrs. Robert Highfield, Mrs. Roger Stockwell, Mrs. Russell Klontz, Mrs. Joseph Provost, Mrs. Everett Clay, the Misses Wilma Brown, Susan Dray, Nancy Hurtt, Pat Scott, Sara Core, Sara Terhune, Nancy Reno, Judy Preston, Jean Persinger, Carolyn Crago, Sandra Cook, Wanda Tracey, Mary Haynes Mary Chakeres, Peggy Dowler, Pat Hunter, Kitty Melvin, Judy Smith and Sandy Staggs.

Sorority Plans To Celebrate Founders Day

Phi Beta Psi Sorority will sponsor the "Blood Bank" to be held in the First Presbyterian Church Feb. 6, with Mrs. Ed Vollette and Mrs. Max Lawrence acting as co-chairman.

This decision was made at a meeting held in the home of Mrs. Otis Core Monday night.

The group also voted to assist the fund-raising campaign for the "Cancer Drive" in April. Plans were made for the "Pilgrimage of Homes," which the group sponsors annually in the Spring.

The sorority will celebrate "Founders Day" Feb. 16 with a dinner-dance in the Country Club. This will be for members and the Associate Chapter of Phi Beta Psi Sorority and their guests.

Bridge was enjoyed with prizes being awarded to Mrs. Grove Davis, Mrs. Herbert Sollars and Mrs. Eddie McCoy.

Light refreshments were served by Mrs. Core, assisted by Mrs. Wilis Coffman, Mrs. Harold Friend and Mrs. Frank Dawson.

Sorority Meets In Brownell Home

Mrs. Bud Brownell entertained members of the Associate Chapter of Phi Beta Psi Sorority Monday night with Mrs. Forrest Ellis and Mrs. Robert Harper acting as co-hostesses.

During the brief business meeting Mrs. Gene Sagar from the Active Chapter of Phi Beta Psi Sorority extended an invitation to the group to attend the "Founders Day Dance" to be held in February.

Bridge was enjoyed with prizes being awarded to Mrs. Robert A. Craig, Mrs. Richard R. Willis Sr. and Mrs. J. Earl Gidding.

terian Church meets with Mrs. Loren Bennett, 8 p. m.

Twin Oaks Garden Club and the Golden Rule Sunday School Class of the Good Hope Methodist Church will meet for a combined meeting in the home of Mrs. Wilbur Hoppes, 8 p. m.

Garden Club members are to bring a dried arrangement.

FRIDAY, JANUARY 10

Sugar Grove True Blue Class will meet with Mr. and Mrs. Lawrence Black, 7:30 p. m.

Fayette Ladies Oriental Shrine Club meets in the home of Mrs. Walter Heath, 8 p. m.

Fayette Garden Club meets with Mrs. Gladys Keller, 319 E. Court St., 2 p. m.

Social Happenings

The Record-Herald Tuesday, Jan. 7, 1958 5
Washington C. H., Ohio

The Rev. Neil Hand Speaks To Washington C. H. Chapter, DAR

Mrs. Harold L. Slagle was a most gracious hostess Monday afternoon when she opened her charming home to the members of the Washington C. H. Chapter, Daughters of the American Revolution, for their January meeting.

Mrs. Thomas H. Parrett, regent, opened the meeting with the DAR Ritual, and Mrs. W. A. Creamer acted as chaplain. Mrs. Harold Slagle led the Pledge of Allegiance to the Flag, which was followed by singing "The Star Spangled Banner."

A message from the state regent was read by Mrs. Karl J. Kay. Mrs. J. Earl McLean gave the secretary's report of the December meeting. Mrs. C. L. Lewellen, national defense chairman, gave an interesting talk.

Mrs. Parrett introduced the Rev. W. Neil Hand of the First Presbyterian Church, guest speaker. His talk was based on the Jules J. Serand quotation, "Remember this, and also be persuaded of its truth — the future is not in the hands of fate, but in ourselves." He presented his subject ably and interestingly. Mrs. Parrett expressed the gratitude of the chapter members to the Rev. Mr. Hand.

She reported information received from Mrs. Charles Lee Mills, Southwest District Director, concerning the illness of Mrs. Arthur T. Davis, state regent. A letter was read by Mrs. Ernest Chaney from the Misses Clara and Mary Louise Mark of Westerville, which contained a check to be used for Approved Schools.

Miss Opal Davids, community service committee chairman, asked that members report their hours of community service, as her report must be ready by Jan. 15. Mrs. Ralph Penn, chairman of conservation, asked members to report planting of trees, shrubs or bulbs to her.

Delegates and alternates to the State Conference and Continental Congress were elected, with Mrs. Ernest Chaney elected delegate to the sixty-seventh Continental Congress to be held in Washington D. C., April 14th - 18th inclusive. Mrs. Harry C. Parrett, Mrs. Frank Michael, Mrs. John M. Weade and Mrs. Robert Jefferson were elected alternates.

The delegates elected to attend the fifty-ninth State Conference in March are Mrs. Loren D. Hynes, Mrs. J. Earl McLean and Mrs. Millard H. Weidinger. Alternates are Mrs. W. A. Creamer, Mrs. Jess Feagans, Miss Marian Moore, Mrs. Robert H. Green, Mrs. Leonard Korn, Mrs. Ernest Chaney, Mrs. Walter D. Craig, Miss Elizabeth Shoop and Mrs. Mable M. Ott.

Following the election Mrs. W. O. Beatty, chapter historian, presented an informative talk based on the study of some interesting phases of historical events which the Historian General suggested be stressed during this year's programs: first, the Alexander Hamilton, Bicentennial year and outstanding facts in the life of this very great statesman and lawyer; second, the rededication of Plymouth Plantation, coupled with the arrival of the Mayflower II and the Jamestown 350th Anniversary year; the anniversary of Susan Brownell Anthony, leader of women, and also the Theodore Roosevelt centennial year. It was during his presidency that a conservation program was launched to save national resources. Sixth was "Mission 66," a conservation program for the National Park System designed to develop and staff those priceless possessions of the American people. This includes the restoration around Independence Hall.

Mrs. Robert H. Green, chairman of the Martha Washington Junior

Committee, was present and had as her guest, her mother, Mrs. Homer Arnold, a past regent of Redwood Forest Chapter, DAR of Arcata, Calif.

A social hour was enjoyed after the close of the meeting, during which the hostesses served delicious refreshments. Mrs. Slagle was assisted by Mrs. Ervin P. Miller, Mrs. Kay, Mrs. Walter Thompson, Mrs. Leo Hartman, Mrs. Loring Duff, Mrs. Frank Michael, Mrs. C. D. Young, Mrs. Larry Stanbach, Mrs. Roy Porter, Mrs. W. L. Stinson, Mrs. Eliza Waddell, Mrs. Eva Woodward, Mrs. Inez McDonald, Mrs. Willis Lansing and Mrs. Troy Junk.

Personals

Mr. and Mrs. Gifford Glascoe and sons, David and Jonathan, returned to their home in Terrace Park, after a holiday visit with Mr. and Mrs. Willard Story and Mrs. Albert Glascoe.

Mrs. J. Edmund Smith returned to her home Sunday from a holiday vacation with her brother-in-law and sister, Mr. and Mrs. Glenn Arnold, in Springfield.

Miss Patricia Scott has resumed her studies at Stephens College, Columbia, Mo., after spending the holidays with her parents, Mr. and Mrs. Arthur Scott, Wilmington Rd.

Miss Electa Brubaker was the recent guest of Miss Susanah Davids in Wilmington.

Mr. and Mrs. G. A. DeLong and daughter, Diane, Dayton Ave., returned recently from a two-week vacation in Daytona Beach, Fla.

Cloves, used to flavor baked ham and other dishes, are now principally grown for commercial purposes on the African island of Zanzibar. They are so highly regarded there that once they are exchanged as a medium of money.

Corn, the most important food plant in the United States, is grown in all 48 states.

Grace Church Sunday School Class Enjoys Twelfth Night Cake Party

The sixth grade Sunday School Class of Grace Methodist Church was entertained by their teacher, Mrs. Billie Wilson, with a Twelfth Night Cake Party or Old Christmas Sunday night.

In olden days Yuletide festivities continued for a period of 12 days, this being the time it took the three wise men to journey to Bethlehem. On Jan. 6 elaborate gatherings were held, and at this time all Christmas greens were taken down and burned, insuring good luck to the household for the coming year.

Cakes are to Twelfth Night what the tree is to Christmas.

The girls of the class arrived representing a beautiful array of cakes. The boys made an excellent group of bakers in their white aprons and hats.

Toni Ward won the contest for guessing what each girl's cake represented. Then came the big event of the evening with Natalie Cobb finding the ring in the girls cake and becoming queen for the evening and Billy Yeoman found the ring in the boy's cake, thus making him king.

A cake story game was played. Greg Lynch and Sharon McCoy won the prizes in the Bible quiz game, "What Am I?"

Refreshments were served by Mrs. Wilson, who was assisted by Mrs. Ethel Caldwell, Mrs. John Rhoads and Mrs. Charles Rannels. Members of the class are Penny

Light, Holly Allen, Conni Courter, Steven Jennings, Natalie Cobb, Greg Lynch, Gary Maddux, Janet Foraker, Janice Foraker, Jill Hankins, Billy Naylor, Ronnie Pope, Melinda Korn, Ginger Mann, Sharon McCoy, Greg Thompson, Mike Whiteside, Phyllis Morgan, Barbara Olinger, Kay Soldan, Toni Ward, Billy Yeoman, Barry Powell, Carol Deering, Pam Rhoads, Martha Rhoads, Carol Wallace, Carol Stratton, Cody Campbell, Steven Oyer, Tom Roszmann, Karen Morris, Kathy Ryan, Peggy Stern and Charlott Pew.

Color harmony

By GEORGE NAYLOR
WOODWORK

Woodwork requires special care. Even if the woodwork is to be the same color as the walls, a painstaking "cutting" job is necessary because of the difference in gloss between flat wall paint and the gloss or semigloss you'll use for washable trim. To need for a clean sharp line of separation or "cutting" becomes increasingly important if there's a marked contrast between wall and trim color. To make "cutting" easier use a piece of stiff cardboard or a trim guard.

You can depend on us for excellent materials for all your inside and outside work; prompt, courteous service; and fair prices. See us today!

Holden Ready for Travel Anywhere To Make Movies

HOLLYWOOD (AP)—"There isn't a place in the world where I won't go if I think I can make a good picture there." This from international actor William Holden.

His point is that film stars can no longer sit beside Hollywood swimming pools; they must go all over the world.

Oscar-winner Holden is living evidence of that. He's hustling all over the globe. In the past year, he went to Ceylon to make "The Bridge on the River Kwai." Then he traveled to England for "The Key" with Sophia Loren.

He's back in his Hollywood haunts, but who knows for how long?

He expounded: "My thought about the film business is this: All this carping between the movie businesses in Japan, America, England, France, Italy and all over is ridiculous. We've got to wake up to the fact that we're all segments of the same industry. I think films are going to get more international all the time. The time will come when it will be commonplace for stars, directors and other creators to work on films in the industries of many countries."

"I've been home about five months in the past four years," he remarked. "If I'm not making pictures abroad, I'm overseas helping to sell them, spending two or three months in Japan, a month in Hong Kong and so forth."

"Meanwhile, I have maintained a home here, and its gets to be a little expensive. The schools are good in Switzerland, and I thought I could give my two sons the benefit of a European education. But they didn't go for it. They wanted to come back here, and you can't blame them."

Bill said he probably could have got a tax advantage by establishing residence in Switzerland, as have such stars as Audrey Hepburn, Mel Ferrer and Sophia Loren.

Frenchwoman's New Designs Shun Gunnysack Fashions

By DOROTHY ROE
Associated Press Women's Editor

NEW YORK (AP)—No matter what the vagaries of fashion may be, the smart woman will shape up to them, says Pauline Trigere, an astute Frenchwoman who has refused to be licked by the predominant sack silhouette.

Previewing her spring collection for 200 members of the nation's fashion press, Trigere effects a happy compromise with the decreed gunnysack theme of fashion, and shows clothes which look new, but never conceal the important curves of the feminine figure.

Her most ingenious device is the "slip cover," a transparent chiffon overblouse, loose and unfitted, revealing the lines of a fitted sheath beneath. She also shows suits and dresses with the waistline defined by wide leather belts, and employs subtle shaping to soften the effect of her straight sheaths.

Trigere calls her entire collection the "shapeup" and proceeds to prove this no idle phrase. One compromise with the sack is a silhouette she calls "in unison," which is a straight, loose sheath with a belt threaded through slots, so that it appears in front and back, but leaves the sides hanging free.

She also employs "slip-cover ruffles" at the hemline to add interest and movement to unfitted sheath, and resorts to such devices as white collars and vestees to draw the eye from the unfitted waistline of box-jacket suits.

Trigere's collection, shown on the opening day of a crowded week of New York spring fashion openings, illustrates graphically the advances of American fashion in the last 30 years — since the unlovely styles of the flapper era which provide inspiration for the majority of 1958 clothes.

The flavor of casual, relaxed informality is present, but the modern version of the fashions of 30 years ago is far different. As Trigere remarks, "No woman should hide her light under a bushel, or her figure under a sack."

So, even with the sack silhouette, dresses and suits for spring can be worn with assurance by the majority of women, thanks to the skill of American designers.

Cincinnati Attorney Facing Suspension

COLUMBUS (AP)—The Ohio Supreme Court was asked Monday to suspend Charles J. Armstrong of Cincinnati from the practice of law indefinitely.

The State Board of Commissioners on Grievances and Discipline recommended the suspension following Armstrong's conviction in U. S. District Court, Cincinnati, on charges of failure to file federal income tax reports.

Dr. Hess Announces New Animal Health Center

We have joined the national "Keep 'Em Healthy" program, sponsored by Dr. Hess. This store is now an authorized dealer of Dr. Hess animal health products. In keeping with our policy of offering the very best merchandise to our customers, we are pleased with our new business association with Dr. Hess, specialists in scientific products for disease prevention and farm sanitation for more than 60 years. Poultry and livestock feeders are urged to make our store headquarters for animal health products. Join with us and Dr. Hess in "keeping 'em healthy."

Cleveland Woman Is Victim of Mystery Stabbing

CLEVELAND (AP)—Someone who apparently had been hiding in the shadows stabbed and fatally wounded 52-year-old Mrs. Arthur Steele as she walked Monday night beside the East Side apartment building she owned.

Detectives said they were unable to learn of a possible motive and had found no weapon or any other clue.

Mrs. Steele had finished stoking the furnace and was returning to her rear suite when she was stabbed in the abdomen. The woman, reached the apartment of a neighbor, Mrs. Cynthia Smith, where she collapsed after saying: "Cynthia, I've been stabbed. The man is in the alley."

Police discounted robbery as a motive because Mrs. Steele's purse was in her apartment.

Her husband Arthur lives in Canada, police reported.

Bartender Bound To Jury in Slaying

CINCINNATI (AP)—Arthur Derexel, 46-year-old bartender accused of second degree murder in the shooting death of a Miami Heights youth, has been bound to the grand jury under \$10,000 bail.

County judge G. H. Palmer took the action Monday County police said David Merkle, 18, was shot and killed early Sunday while grappling with Derexel for a gun.

Ohio Democratic Advisers Interview State Candidates

COLUMBUS, Ohio (AP)—The State Democratic Advisory Committee met Monday and interviewed three Democratic gubernatorial hopefuls: Columbus' mayor, Maynard E. Sensenbrenner; Mrs. Vivienne Suarez, a Columbus housewife, and Clingan Jackson, Youngstown newspaper man.

Newsman were barred from the meeting, but candidates talked freely afterward.

Sensenbrenner said he told the members he is running for governor "and not interested in any other office."

He said the committee made no attempt to talk him out of his planned bid, but also gave no indication he would receive either support or opposition in the primary fight.

Mrs. Suarez said the committee was "cool" toward her gubernatorial campaign, but offered to help her get signatures for a state legislative race. She said the group told her she would be a good candidate for the House of Representatives.

However, Mrs. Suarez told newsmen she would stay in the gubernatorial race "unless I fail to get enough signatures and then I would consider the Legislature."

No report of the conversation with Jackson is available.

Five others also appeared before the committee. They are:

Roy Hopple of Columbus, Frank Smith of Portsmouth, and John W. Donahay of Alliance, all candidates for lieutenant governor; Marion Ross of Columbus, for attorney general and Joseph T. Ferguson, former state auditor, for state treasurer.

William Coleman, state Democratic chairman, said the hopefuls came to discuss their races and no invitations were sent out. He explained that the groups had been formed to help find candidates for "lesser offices."

A pre-primary convention proposal was made by William R. Thom, former congressman from Canton. The proposal is designed to allow endorsing of candidates. No action was taken on the resolution Monday.

Chamber 'Buys' Votes

NORTH MIAMI BEACH, Fla. (AP)—This municipality's Junior Chamber of Commerce pledges everyone who shows up at the polls today to vote on a new city charter will be given 100 trading stamps.

Only 3 Teams Lossless in Big Ten Play

Illinois, Indiana
Suffer First Defeats
Of Current Campaign

By THE ASSOCIATED PRESS
Seven down and three to go. That's the cry in the Big Ten basketball race where eight conference games have been played and seven teams already have met defeat.

Illinois and Indiana suffered initial losses Monday night while Michigan breezed to its second straight victory.

Iowa upset Illinois, 70-68, at Champaign; Purdue bumped Indiana, 68-66, on a last minute basket at Lafayette and Michigan waltzed to a 70-49 home court victory over Wisconsin. Minnesota dropped a 72-71 decision to Kansas State, the nation's fourth ranked team, at Manhattan, Kan.

Ohio State (1-0) and Minnesota (1-0) are the only teams along with Michigan that have yet to lose in Big Ten play.

Michigan, troubled by Wisconsin's zone defense in the first half, outscored the Badgers 40-18 in the second half for an easy triumph after trailing 31-30 at intermission.

Four Wolverines hit for double figures with Pete Tillotson topping the field with 23 points. Brian Kulas led Wisconsin with 18 points, netting 17 of them in the first half.

Iowa, defeated at home by Michigan Saturday, kept coming from behind and finally edged Illinois on some excellent free throwing and a 27-point spurge by Dave Gunther.

Trailing by as much as 11 points on two occasions early in the game, the Hawkeyes moved within two points of Illinois at halftime and came from behind twice in the second half when Gunther pushed in 17 of his points.

Don Ohi of Illinois copied scoring honors, however, with 28 points.

Bob Fehrman's tip in of a last-second missed shot by Bill Greve provided Purdue with its initial conference triumph although Archie Dees pounded in 38 points for Indiana.

The Boilermakers led through most of the contest which they nearly lost at the free throw line where the Hoosiers dunked 24 of 28 attempts. With the score tied at 66-66, Purdue held the ball for one minute and 33 seconds before Greve took his shot. The ball rolled off the hoop and Fehrman tipped it in for his only basket of the game.

Minnesota blew a five-point lead in the final seven minutes of play to become Kansas State's fourth Big Ten victim. Minnesota sophomore Ron Johnson scored 28 points to top all scorers.

Big Ten teams are idle until Saturday when four conference games are to be played: Ohio State is at Wisconsin in afternoon regionally televised contest. Night games find Illinois at Indiana, Michigan at Northwestern, and Purdue at Michigan State.

Green Bay Packers Change Head Coaches

GREEN BAY, Wis. — The Green Bay Packers Monday night ousted head coach Lisle Blackbourn and picked his top assistant Ray McLean to run the National Football League team.

Blackbourn had a year left on his five-year contract. Indications were that the club's board of directors were paying him the full \$25,000 he would have received for the final year under the pact.

Record Pay Contract Handed Willie Mays

SAN FRANCISCO — Willie Mays possesses the richest contract in the history of the National League's Giants — New York or San Francisco variety.

Speculation generally placed the figure around \$65,000 — some as high as \$70,000. Owner Horace Stoneham would not give the exact amount, but said Willie's contract called for the highest salary ever paid a Giant player.

New Mayor Elected

PORTSMOUTH — Paul Flohr, 43, manager of an investment brokerage firm, Monday was elected mayor by City Council for a two-year term.

Intramural Basketball Tournaments on at WHS

Two intramural basketball tournaments, in which around 270 boys and girls are participating, are now under way at Washington C. H. High School.

The first one, which involves a total of 16 teams of boys, started Monday noon with two games. The second, with 19 teams of

Mountaineers Tighten Grip On Top Spot

By THE ASSOCIATED PRESS
Free-scoring West Virginia strengthened its hold on the No. 1 spot in today's Associated Press basketball poll, but Mississippi State and Oklahoma State, two clubs who play 'em close to the vest, begin to look like not-so-dark horses.

While West Virginia (10-0) pulled away from runnerup Kansas (10-1), Mississippi State jumped from ninth to fifth and Oklahoma State to eighth from 14th. The poll is based on games through Saturday.

Mississippi State and West Virginia are the only unbeaten clubs among the top 10. State has the best record among major teams after winning No. 11 with a 46-42 decision over high-scoring Alabama Monday night in Southeastern Conference play.

Oklahoma State, moving up after last week's 52-50 overtime upset of Kansas, knocked off seventh-ranked Cincinnati 61-57. It was the ninth in a row for the Cowboys, who have lost only their opener to Kansas.

West Virginia, Kansas, third-ranked North Carolina and sixth-ranked San Francisco were idle.

Once-beaten Kansas State, demoted to fourth in the poll while North Carolina moved up, got past Minnesota 72-71. Ninth-ranked Kentucky beat Vanderbilt 86-81. Bradley, No. 10 went into overtime to defeat Houston 75-73.

Rich Boy Sees Golf as His Personal Fight

LOS ANGELES — Ever wonder why a rich boy like Frank Stranahan wants to cross putters with the toughest of golf pros? "Professional golf is one field where my family's money can't help me—it's my own fight," said the personable heir to a Toledo spark plug fortune after winning the \$35,000 Los Angeles Open golf tournament Monday.

The former amateur kingly fashioned a last round 4-under-par 67 for a 72-hole total of 275 in the annual tournament that kicks off the winter golf campaign. Many of the pros are going from here to Bing Crosby's tournament at Pebble Beach.

Stranahan picked up \$7,000 for his efforts, more than his entire tournament winnings last year.

Playing flawlessly over the 7,100-yard Rancho course, Stranahan wrapped up the event early, stroking to a 4-under par on the first nine. After that the only question was—who would be second.

E. J. (Dutch) Harrison, the 47-year-old Arkansas Traveler who plays out of St. Louis, kept the gallery of 8,000 guessing until the final hole when he dropped an 18-footer for a 69 and a 278 total and \$3,750.

Young Gay Brewer Jr., playing out of Cincinnati, had a one stroke advantage going into the final round. But he finally settled for a 72 and a 279 total for the \$2,600 third place money.

Dow Finsterwald of Athens, Ohio, shot a 286, collected \$348.

Indiana Hotshot Sets Scoring Pace

CHICAGO — Archie Dees, Indiana's 6-8 center, poured in 38 points Monday night in a losing effort to Purdue and maintained his Big Ten all-games basketball scoring lead.

Dees, the defending champion, has a total of 225 points in 9 games for a 25-point game average. Pete Tillotson of Michigan held onto second place with 193 points and a 19.3 average.

Don Ohi of Illinois moved into third place with 182 points in 9 games for a 20.2 average.

Bloomington Wins Junior Cage Game

The Bloomington juniors swamped the Washington C. H. juniors, 40 to 23 in a basketball game played on the WHS gym here Monday after school.

The Bloomington boys, with a well balanced offense, spread their scoring among seven players — Craig 3, Williams 8, Knisley 9, Ayers 10, Brown 2, Reed 2 and Weaver 6.

Helfrich paced the Washington C. H. boys with 10 points. Others in the game were Powell 5, McLean 0, Halliday 0, Sommers 4, Thomas 0, Flee 0, Miller 2 and Shaltry 2.

Ohio WAF Wins Test

PEBBLE BEACH, Calif. — Staff Sgt. Rose McTeague of New Lexington, Ohio, won the women's Air Force (WAF) competition in the Air Force Command golf tournament here Monday. She shot a 200 over 36 holes.

Casualty Insurance For Firemen OKd

COLUMBUS (AP)—Political subdivisions may purchase standard casualty insurance for their volunteer firemen, Atty. Gen. William Saxbe has ruled in an opinion to Prosecutor Ralph A. Hill of Clermont County.

Saxbe emphasized that each political subdivision is required by law to be a member of a volunteer firemen's fund for dependants.

Required membership in the fund does not prevent subdivisions from providing additional accident insurance for their volunteer firefighters, Saxbe added.

Okla. Swindle Labeled Complete

PONCA CITY, Okla. (AP)—County sheriff's officers disclosed Monday that an Arkansas City, Kan., oil company was swindled all the way on a pair of bogus checks.

After a complaint by the Boye Oil Co. about the checks, totaling \$96, officers found that not only did they bear the name of M. B. Shiner, former mayor of Ponca City who died in 1949, but they also were written on the Farmers State Bank of Ponca City, out of business for the last 20 years.

No Motive Found In Lorain Killing

LORAIN, Ohio (AP)—Police are holding a man without charge in the shotgun slaying Monday night of Irvin Lee Robbins, 33-year-old Lorain steelworker.

Robbins was struck in the head by a shotgun blast as he left the apartment of Charles Miller. Mrs. Robbins and five of the couple's seven children witnessed the slaying.

Police arrested Miller, but could give no motive for the shooting.

People . . . Places . . . and Things

Round about Fayette County

By B. E. KELLEY
The only hydro-electric venture ever tried in Fayette County, insofar as I know, was a success—as long as it lasted.

Although it was doomed to disaster from the start, its originator certainly had advanced ideas, but apparently overlooked some cardinal facts which made his experiment a costly one.

It happened in 1927 when Deane Hoppes, who owned what is now the Hugh Beatty land, on Wildwood Rd., a half mile north of Route 70 and between the Edgar Coil and Robert Miller farms, built a dam across Paint Creek, installed a generator operated by water power, and lighted his home and farm buildings with home-made electricity.

The concrete dam was 40 or 50 feet in length, and approximately nine feet in height, and no provision was made to properly handle the overflow from the dam during high waters.

Also the fact that the creek has little fall in it at that point and the dam backed up water and saturated good farm lands on two or three farms north of the dam, had been overlooked.

When the first high waters arrived, water poured around the dam and almost started a new channel on the farm of a neighbor below the dam.

Likewise the water backed up to new heights on farms upstream, and within a short time three of the farm owners filed an injunction suit to have the dam destroyed on the grounds that it had violated a state law by obstructing the normal flow of a stream and causing extensive damage.

They won their suit and the court ordered the dam destroyed without delay.

The owner, who had not thought of the damage the dam would inflict upon his neighbors, had 50 pounds of dynamite placed under the dam, and when the blast went off, it not only blew the dam almost entirely but the explosion shattered so many windows in the Hoppes home that it cost \$20 or more to have them replaced, according to neighbors.

THOSE "NEST EGGS"

Recently when a man asked a

clerk in a local store if he had any "china nest eggs" to place in hen's nests, the clerk nearly fell over, for it was the first request he had ever had for such an item, and it was really new to him.

Used to be that glass "nest eggs" and small egg-shaped gourds were placed in hen's nests to help induce the hens to occupy the nest instead of "steal a nest out" and lay eggs that would spoil before being discovered.

So far as I know the custom has been abandoned except in a very few instances, and I know I have one of those glass eggs as an antique, as well as other glass eggs up to the size of an ostrich egg.

I was formerly under the impression that there was something magic about those glass "nest eggs" that induced the hen to lay eggs more promptly and keep in the notion of laying other eggs, but it seems the main reason was the psychology of fooling the old hen into thinking she was laying in a nest where one or more eggs already had been laid, and she would not go to the strawstack or other place to make a nest that might never be found.

Now there are not so many places for the hens to hide their nests, and the psychology of the glass "nest eggs" is no longer necessary.

First "nest eggs" were small gourds, and I have seen them after they had been in use for years—still fooling the old hens.

FREE GARDEN SEEDS!

Many of you folks will recall those days when our congressman, always having in mind the interests of their constituents (at least when votes were needed), distributed free flower and vegetable seed in large quantities.

These seeds came in special packages and were franked (no postage) under the name of the congressman.

Of course in those days when

money was never too plentiful and a quarter "looked as big as a cartwheel," those seeds were thankfully received and held the voters firm in their faith in the senders.

I recall that I planted some of the seeds (without very good results) and I suspect the "free seed" had been obtained at bargain prices because they had been carried over from the previous year. But I am not certain of this.

I do not know the source of supply of the seed, but in some other instances I know the seeds came from the U. S. Department of Agriculture, because some 40 years ago Congressman Simeon D. Fess of this district, announced that he had for distribution from the department of agriculture, the following:

Sixty 4-pound packages of Kansas alfalfa; 70 two-pound packages of Braham cowpeas

Yank Leaving Soviet But Without Wife

MOSCOW (U. S. — John Sandor, a Pueblo, Colo., lawyer awaiting permission to take his Russian bride home, was told Monday he must leave the Soviet Union. He booked passage for Friday.

The former U. S. Navy fighter pilot is still hopeful his appeal to Communist party secretary Nikita Khrushchev will help him get his wife to the United States.

Sandor married his Russian sweetheart in November after ap-

Potash Well Planned

VIRDEN, Man. (U. S. — Plans are underway to start drilling a potash well north of here, near the Saskatchewan border. A bed of high grade potash ore was discovered in the area last year.

STATE OF OHIO, County of Fayette
I, _____, a notary public in and for the county of Fayette, State of Ohio, personally appeared Ray Brandenburg and Frank E. Ellis, and being duly sworn severally, say that they are president and secretary, respectively, of the Fayette County Agricultural Society, and that the foregoing report is a true and accurate statement of the financial condition of said society and that said society is organized according to law, and that the business of the society for the year 1957 was conducted in conformity with the laws of the state and rules of the Board of Agriculture of Ohio, governing county and independent fairs.
Ray Brandenburg, President
Frank E. Ellis, Secretary
Ralph Nisley, Treasurer
Peggy Overly, Notary Public
Commission Expires February 9, 1960
Sworn to and subscribed in my presence this 4th day of January, A. D. 1958

DAILY CRYPTOQUOTE—Here's how to work it:

AXYDLBAAXR
is LONGFELLOW
One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

K J BOKR'V JIBUP UYDP YV K
IYYCBZN BD CIP KDDPACYBRV—
YZFYRS.

Yesterday's Cryptquote: GOD GRANTS LIBERTY ONLY TO THOSE... ALWAYS READY TO GUARD AND DEFEND IT—WEBSTER.
